PROFESSIONAL EXPERIENCE

MADINA GROUP, The University of faisalabad, Pakistan

Assistant Manager Networks, October 2023–Present

- Designed, implemented, and managed LAN/WAN infrastructure to support company operations across multiple locations, ensuring high availability and reliability.
- Configured and maintained Cisco routers, switches, and firewalls to facilitate secure and efficient data transmission.
- Implemented network security measures, including access controls, Sophos firewall, VPNs, and firewall policies, to safeguard sensitive information and mitigate cyber threats.
- Provided technical support and troubleshooting assistance to end-users, resolving network-related issues promptly and effectively.
- Stayed updated with emerging technologies and industry trends, evaluating new networking solutions and recommending strategic initiatives to enhance network performance and functionality.
- Documented network configurations, procedures, and best practices to facilitate knowledge sharing and ensure consistency in network management and operations.
